# Redefining the Future: Privacy Screen Usage

DESKS + WORKSTATIONS + BENCHING + TABLES + SYSTEMS

**Accommodate new ways of working by utilizing your existing products and blending new solutions into workspaces.**

Create space division by adding a screen to your workspace. Select the screen style that best fits your needs: set-on surface, edge-mount, clamp-mount, full metal edge mount, or freestanding.

- Select style and height of screen based on floorplate layout and occupancy density. Taller screens are appropriate when employees must be situated face-to-face or are near high traffic areas.
- Create additional shielding by adding set-on surface screens to stations that already have existing edge mount screens.
- Screens are available in a variety of materials. Be sure to specify bleach cleanable fabrics or hard surfaces such as glass, resin or polycarbonate.

Keep in mind that it is essential to balance the need for privacy and protection with the overall feeling of the workplace environment.

# Quickship

## **Quickship Program**

Models are available through the quickship program and will ship within 10 days or less.

## **Quickship Ordering**

We will not accept changes or cancellations to orders. Quickship orders must contain only quickship models – submit a separate order for any products that are not included in the program. The time to complete the order is based on business days and does not include holidays. The day your order is placed is considered day zero.

## **Quickship Quantities**

Quickship lead times include orders of up to 20 screens. For greater quantities, please contact customer service at 812.482.1818.

## 24"H Set-On Privacy Screen – Polycarbonate

**QUICKSHIP**

Models are available through the Quickship program and will ship within 10 days or less.

### Set-On Privacy Screen – Polycarbonate

- Options & Features**
- Quickship models feature Cinder or Platinum Metallic brackets
  - Clear rubber bumpers on bottom of brackets
  - Clear U-channel edge molding attached on all sides of screen

- Dimensions**
- Polycarbonate Thickness – 1/4"
  - Overall Height – 24"
  - Foot Dimensions – 3"W x 5"D

- Materials**
- Semi-opaque fluted polycarbonate screen
  - Metal mounting bracket

- Specification & Installation**
- When ordering both back and side set-on screens, size down for side screens to avoid interference
  - Brackets ship in box with screen
  - Remove protective film from screen
  - Pressure fit screen into bracket and set in place
